AWARD

By order No. 70/5/66/LR-IV, dated 6th April 1967, the Government of India, in the Ministry of Labour, Employment and Rehabilitation (Department of Labour and Employment), New Delhi, referred to the Central Government Industrial Tribunal, Bombay, for adjudication, an industrial dispute existing between the employers in relation to M/s. Switzerland General Insurance Company, Ltd., Bombay and their workmen represented by the General Insurance Employees' Union, Bombay in respect of the matter set forth in the schedule mentioned below:—

SCHEDULE

"Whether the following demand relating to Gratuity put forward by the workmen is justified?

"On retirement or retrenchment or on death or on total and permanent disability of an employee while in the service of the Company:

"One month's basic salary for each year of continuous service subject to a maximum of 20 months basic salary.

"On resignation from service after completion of 10 years continuous service:

"One month's basic salary for each year of continuous service subject to a maximum of 20 months basic salary.

"On termination of service by the Company:

"One month's basic salary for each completed year of service but not more than 20 month's basic salary.

"The salary for the purpose of calculation of Gratuity shall be the terminal basic salary drawable by the employee previous to death, disablement, retirement, resignation, retrenchment or termination of service as the case may be."

2. Later on, the Government of India, in the Ministry of Labour, Employment and Rehabilitation (Department of Labour and Employment) transferred this reference to this Tribunal No. 2, for adjudication under Order No. 22/8/68-LR/II, dated 25th November, 1968.

3. Shri K. S. B. Pillai, General Secretary of the General Insurance Employees' Union, Bombay on behalf of the employees had filed written statement at Ex. W/1 on 21st December 1967. According to him, there is no Scheme of Gratuity prevailing in the Company. The following Scheme of Gratuity be introduced.

"On retirement or retrenchment or on death or on total and permanent disability of an employee while in the service of the Company:

"One month's basic salary for each year of continuous service subject to a maximum of 20 months basic salary.

"On resignation from service after completion of 10 years continuous service:

"One month's basic salary for each year of continuous service subject to a maximum of 20 months basic salary.

"On termination of service by the Company:

"One month's basic salary for each completed year of service but not more than 20 month's basic salary.

"The salary for the purpose of calculation of Gratuity shall be the terminal basic salary drawable by the employee previous to death, disablement, retirement, resignation, retrenchment or termination of service as the case may be."

4. Till very recently the wages paid in the above company were very low and the employees were not provided for any retirement benefits. The Provident fund was for the first time introduced as late as in the year 1963 although the company had been functioning in Bombay since 1954. Consequently, the accumulation of Provident Fund contribution in the account of each employee including the employer's contribution is very meagre. The wage structure has been revised for the first time under a settlement dated 21st December 1966. Even after this revision, the pay scale remains very unsatisfactory and the total emoluments paid to the employees are much below the level of minimum need-based wage. The employees are not in a position to make their both ends meet. It is impossible for them to make any provision out of the meagre salary paid to them for their old age after their retirement. The company in question is a Global company having world-wide operations. It has got enormous capacity and its profits had been huge year after year. The number of employees employed in the Company throughout the country is not more than 50. Out of them only 28 employees are working in the Bombay office. The total monthly emoluments for all the 28 employees covered by this reference will not be more than Rs. 5000/-. As such, the yearly burden of Gratuity Scheme as demanded by the Union in terms of the principle laid down by the Supreme Court would be as follows:—

$$\frac{5000 \times 20 \times 4}{100} = \text{Rs. } 4,000/-$$

Obviously, the above is a very small amount and the company can easily provide for the same. The profits as shown by the Company fully justify the introduction of Gratuity Scheme as mentioned above.

5. The Manager for India, for Switzerland General Insurance Co. Ltd., Bombay has filed written statement at Ex. E/1 on behalf of the Company on 19th June, 1967. According to him, it is not possible for the company to accept additional financial burden by introducing a gratuity scheme. Under the Insurance Rules applicable to the General Insurance, the company is required to limit its expenses

within the ratio prescribed for the purpose by the Controller of Insurance. Failure to do so may entail cancellation of Company's license to do business in India. As a result of the settlement dated 21st December 1966, the expense ratio has considerably increased and in fact has exceeded the limits prescribed. The company has introduced a Provident Fund Scheme for the staff under which the rate of contribution is 6½ per cent of basic wage and dearness allowance. The demand for additional retiral benefit in the form of gratuity is not justified considering the present financial position of the Company in India. From the reports appearing in the Press, it is likely that the business of General Insurance will be nationalised and therefore the position of the Industry is uncertain. In any event, the employees' demand for gratuity at the rate of one month's basic salary subject to a maximum of 20 months basic salary is unreasonable and unjustified. The same be rejected. The basic wages under the settlement of 1966 are high and include an element of dearness allowance as they have been fixed at 1949 level. As compared to other units in this industry the demand made by the employees in this respect is excessive. Gratuity cannot be claimed in addition to retrenchment compensation. The same cannot be allowed in case of termination of service unless the employee has completed 10 years continuous service. Gratuity benefits cannot be considered in case of termination of service on account of mis-conduct of an employee. The period of service of an employee before raising of the dispute cannot be taken into consideration. This demand of the employees is unreasonable and unjustified. The same be rejected.

6. On 8th July 1969, both parties have filed a settlement in respect of the demand for gratuity, praying that the award be made in terms of the settlement.

7. The terms of settlement are fair and just. I accept them and pass the award in terms of settlement.

8 In the end I pass the following Order:—

ORDER

- (i) Award is made in terms of settlement Annexure 'A'.
- (ii) Settlement Annexure 'A' is to form part of the Award.
- (iii) No order as to costs.

AND

APPEARANCES:

For the Association.—Shri Satya Parkash Chopra.

For the Bank.—Shri J. C. Jetley.

Date of Award—1st July, 1969.

AWARD

This is a reference by the Central Government under Section 10(1)(d) read with Section 12(5) of the Industrial Disputes Act, 1947 for adjudication of a dispute between the Punjab National Bank Limited, New Delhi and their workmen represented by the Punjab National Bank Employees Association (hereinafter referred to as the Association) over the following demands:—

“Whether the action of management of the Punjab National Bank Ltd., New Delhi, in shifting the date of increment of their employee Shri B. K. Mandhana clerk-cum-godown-keeper in the Bhilwara Branch of the Bank from the 13th October to the 30th December, every year is justified? If not to what relief is the workman entitled?”

The Association by their statement of claim submitted that Shri B. K. Mandhana was originally appointed as a temporary godown-keeper by the Bhilwara branch of the Punjab National Bank and posted at their Asind Godown with effect from 13th October, 1964. Shri Mandhana continued there until 29th December, 1966 and got his annual increments also, but then he was relieved from Asind Godown and required to report for duty at Branch Office, Bhilwara. There he was appointed as Clerk-cum-Godown-keeper on probation with effect from 30th December, 1966. Thereafter the Bank gave him increment also but starting from 30th December, next year treating him as a new entrant which in view of the fact that he was an old permanent employee was wrong. They prayed that he be allowed increment from 30th October, every year instead of 30th December, and also other benefits available to permanent employees like the Provident Fund, Medical Aid and Leave etc. with retrospective effect that is from the date of his original appointment in 1964.

The Management of the Bank by their written statement contended that Shri Mandhana was appointed as a Godown-keeper at Asind purely on a temporary basis. He was then appointed on 29th December, 1966 only as a probationer clerk-cum-godown-keeper at Bhilwara in a permanent vacancy. Date therefore of his appointment to temporary service cannot count towards increments.

We have therefore to decide whether Shri Mandhana is entitled to grade increments from 13th October, every year or from 30th December. Both the parties relied only on documentary evidence.

I have heard the representatives of the parties, perused the documents produced by them and also examined Shri S. L. Sharma Manager of the Bhilwara Branch of the Punjab National Bank. According to him there was no godown of the Bank itself, at Asind. It was of the Ginning Factory who had borrowed money from the Bank. Such godowns last only till the borrower repays the loan to the Bank. It was at such a godown of temporary nature that Shri Mandhana was given a temporary job. This position is not disputed by the Association. In the face of such facts I find no merit in the claim of the Association. The appointment of Shri Mandhana at Asind from 13th October, 1964 was purely of a temporary nature. The post to which he was appointed was also not substantive. He cannot therefore claim as a matter of right that his past services should be counted, much less to claim grade increment from 13th October. Grade increment accrues only from 30th December, every year. The reference is therefore answered accordingly. It may be submitted to the Government for favour of necessary action.

Presiding Officer.
